

Monday 10th February, 2020

Dear Parents / Caregivers,

OUR FAMILIES

As part of the Kindergarten Integrated Learning Unit, students will be discussing families and how they are similar and different. To support students to share their personal experiences and to help create a classroom display, please provide images/photos of your

family. This may be one or a few photos that your child can share with their peers. Please ensure that they are labelled with your child's name and class, as well as the people in the photo, to help teachers to lead discussions with students. For safety reasons, we also request that you send photos without frames. These items need to be sent to school by **Monday 24th February**.

Photos will be returned to students at the end of the semester. Thank you for your ongoing support in connecting your child's home and school learning.

Jo-Ann Campion
