Loose Change Drive

P&C Fundraiser

In Term 1 we will be running our 'Loose Change Drive' fundraiser to help raise funds towards the playground upgrade.

The concept is simple - bring in your spare loose change and put it in the money box in your classroom.

The drive will end in Week 10. Then, the tallies will be calculated and the winning class from K-2 and the winning class from 3-6 will be announced. In Week 11 each student from these winning classes will enjoy some additional free play and an ice block as reward for their great fundraising efforts.

Each week the class money box will be collected and the coins counted. The empty money box will then be returned for the next week's collections. This will continue throughout first term, starting on Tuesday 18th February and ending on Friday 3rd April. The first count will be held on Friday 28th February.

Thank you for your support and happy fundraising!
